Katie Gibson

Thanks David.

Sounds good on those items.

If you're going to either the special events committee or the My Fig Communication meeting on Thursday we can catch up then.

Aaron

All - Sorry for late notice, but I can't make the meeting today due to another work commitment. Also - two pieces of news:

- I am talking to Tom about the possibility of more PATH funding
- We should also talk about the L.A. Football Club and their BID goals.
